

Fokker 50 - Operations

Operators use the Fokker 50 on networks with as many as 10 landings per day. The fleet leader has made over 60,000 landings and this is illustrative of the durability of the aircraft. Reliable systems and extensive operating experience combine to create impressive technical dispatch reliability with many operators significantly above 99%. The mature Fokker 50 ensures trouble-free operations for at least the next two decades. Click here for customer testimonials on performance and reliability.

The Fokker 50s structure is based on over forty years of experience with the unsurpassed F27 Friendship. Extensive use of composite materials, large-scale use of hot-bonded structures and comprehensive anti-corrosion treatment pay off in the Fokker 50 economic repair life of 90,000 landings.
